Work Experience

NYC Department of Housing Preservation & Development – New York, US

Feb 2026 – Present

Records Management Intern

- Organized and managed housing- and development-related records in compliance with NYC and State retention schedules.
- Processed planning and design documents, including plans, permits, reports, and correspondence, with attention to accuracy and documentation standards.
- Assisted in assigning metadata and creating finding aids to support efficient record retrieval for audits, FOIL reviews, and reporting.

NYU Libraries – New York, US

Jan 2026 – Present

Libraries Facility Operations Undergraduate Student Assistant

- Processed and tracked facilities requests, supporting daily operations through inventory management and data collection.
- Conducted space surveys and assisted in updating floor plans to reflect current use and layout changes.
- Supported facilities projects by placing signage and assisting with operational tasks as assigned.

Private Tutoring – Seoul, South Korea

Sep 2023 – Jan 2025

Private Tutor

- Provided one-on-one tutoring for 10+ elementary students, developing personalized lesson plans tailored to individual learning needs.
- Supported 6–7 year old children in preparing for elementary school by improving pronunciation and guiding structured reading activities.

Activities

GIV.O (Give Orange)

Sep 2025 – Present

Public Relations

- Drafted captions and outreach content to support promotion of small community-based donation events.
- Collaborated with PR team members to maintain clear and consistent messaging across social media posts.
- Assisted in organizing and coordinating promotional materials to support community-centered initiatives.

VIP Creative Accessibility in Design

Sep 2025 – Dec 2025

General Member

- Collaborated with a multidisciplinary team on tactile and accessible design projects.
- Contributed research and content development focused on inclusive and accessible user experiences.

Urban Design Architectural Society

Sep 2024 – May 2025

General Member, Mentee

- Developed foundational 3D modeling skills using SketchUp through hands-on workshops and received a completion certificate.
- Applied modeling skills to design-based projects and presented project outcomes during group critique and review sessions.
- Participated in mentorship programs and discussions with industry professionals to deepen understanding of urban design and architectural practice.

SIS Rotary Interact

Jan 2020 – May 2023

Volunteer

- Collaborated with a multidisciplinary team on tactile and accessible design projects.
- Contributed research and content development focused on inclusive and accessible user experiences.
